

Fentons awarded 1 MW Rooftop - Phase 1 - at Hayleys Fabric PLC, Horana

A landmark agreement where Hayleys Group embarks on converting manufacturing faculty rooftops - where Hayleys Power - the renewable arm company acts as the investor renting the rooftops from the manufacturing companies and Hayleys Fentons carrying out the Solar EPC and O&M.

The total solar roof potential of Hayleys Fabric PLC is envisaged at 4MW where Phase 1 Agreements for 1MW, was signed by the Directors of respective companies.
